## WEATHER FORECAST.

day; Continued Warm.

For the District of Columbia, Maryably Saturday; continued warm; light to noderate south and southwest winds.

A disturbance that is passing eastwardfrom the region north of the great lakes to the St. Lawrence valley has been attended by local thunder showers in the northern New England. Local rains are also reported from the south Atlantic coast, the Missouri valley, the Rocky nountain region and the state of Washngton. In all other districts the weather

emained fair. The temperature has not changed maerially in any section, and is near the formal in all parts of the country. will be partly cloudy with local showers within the next thirty-six hours in the southern portion of the lake region, the Ohio valley and in the Atlantic states north of Maryland. In Tennessee, the east gulf and south Atlantic states the weather will be generally fair tonight and Saturday, except that showers will continue in Florida. The temperatures will not change materially in the states east of the Mississippi river during the next thirty-six

hours. The winds along the New England coast will be moderate to brisk south and southwest; on the middle Atlantic coast light to moderate south and southwest; on the south Atlantic and east gulf coasts light to moderate variable. Steamers departing today for European ports will have moderate south to west winds and partly cloudy weather to the granted Capt. William A. Covington, Grand Banks. The following heavy precipitation (in inches) has been reported during the past
